<https://youtube.com/fbymods>

Fabio Barzagli has been an appreciated musician under the name of FBY, awarded in many European countries, Turkey and Russia, publishing CDs and composing music for relevant videogames.

In 1997 He's been founding Nayma Software producing Tony Tough (the most world famous Italian videogame) and other creative projects like DLAB (first Italian videogame school), TRIP (called from media the Woodstock of Computer Science) and many others.

He's been dedicating most part of his life to non-profit activities involving art, philosophy, politics, social environment, health and human rights, psychology and complexity science.

In 2001 a shamanic experience changes his life. In 2008 has been proposed and candidate as deputy in the Italian Parliament and named two years later as Artistic Director of the first Italian celebration of the UN Convention of Child Rights - NY, 1989 - first worldwide paper recognizing shared parenting as a child's right.

Since 2003 He has been publishing many articles for newspapers, essays, self help books, producing successful documentaries and social campaigns for the main streaming platforms like Youtube and others.

At present, all his compositions, games, broadcasts, videos, writings and publications are freely available and shareable online.

Here below a brief summary of his main activities.

*“Honesty is the highest form of Intelligence. Sly people have not enough intelligence to understand it. “*

**\* manager, multimedia producer**

Nayma Videogames, July 1997 – Today

Nayma Software is a company involved in multimedia, videogames, computer art, eucation and development. Founded and directed by Fabio Barzagli with the participation of programmers, musicians, graphics, artists and collaborators. An intense activity, products and events (some, of international relevance) will follow:

- videogame and interactive software production
- computer science event and TV magazines
- creative multimedia and web solutions
- Tony Tough worldwide licensing and distribution

Through its manifold activities and its network of relations, Nayma has been creating new professional figures, hundreds of young people well integrated in the work environment today, as computer scientists and creatives.

Tony Tough is a 2D adventure, one of the most world famous italian videogames, translated in 7 languages. First game presentation was in 1997 during the event Saloon.bit and got attention from main computer magazines. The game is actually distributed from Steam, Microids and Dotemu.

See official trailer: <https://youtu.be/IRuhbWZo8LE>

Dlab has been the 1<sup>st</sup> italian videogame school. Founded in 2002 by Fabio Barzagli and Bernardo Innocenti, DLab has been organizing courses with partners like Coop. Electra, ITIS G.Galilei Arezzo, ISA Firenze, ITIS Carpeggiani Ferrara, CSCS Pistoia, R. Toscana, Europe Social Funds (FSE) for innovative projects.

## \* recommendations

Linda Savelli, psicologa: "Pensieri e Poesie è un libro che si lascia leggere con grande facilità per l'immediatezza delle immagini che evoca. Una preziosa testimonianza del percorso di vita e del grande lavoro interiore che l'Autore ha compiuto e continua a compiere su di sé." -- Maggio 6, 2022

dott. Franco Cracolici, Dir. FISTQ: "*I suoi libri dovrebbero essere introdotti nelle scuole, tanto sono profondi.*" -- March 19, 2014,

Eugenio Pelizzari, Insegnante di Italiano: "*Fabio è determinato e professionale. Affidabile e instancabile.*" -- December 2, 2010,

dott. Paolo Diotallevi, Presidente Scienza e Vita, Roma: "*Mi complimento per la precisione, l'incisività e la serietà dei contenuti, che condivido in pieno.*" -- October 20, 2009,

Franco Barrago, Fondazione Insieme onlus: "*Paternita.info è un'opera d'arte, di puri sentimenti.*" -- Marzo, 2009

Giovanni Fiscarelli, CTO at Gruppo Telesforo: "*Fabio is a really great musician, with a unique personal style, I would recommend him to anyone who needs astounding beautiful music for their own needs.*" -- December 5, 2007

Eugenio Vitale, Director of Games Development at Koch Media / Deep Silver: "*Fabio is a talented musician, very committed to his job. He integrated easily within our working pipeline and was always readily available and responsive to our production needs.*" -- November 12, 2007

Mirko Marangon, giornalista: "Un uomo che non ha bisogno di presentazioni, la cui fama è consolidata da vittorie e piazzamenti internazionali, tanto da essere oramai considerato un guru della musica elettronica." -- The Game Machine n.103, Dicembre 1997

---

this biography is elaborated and printed from <https://www.linkedin.com/in/fabiobarzagli> in November 2024

*Non vivo ne in un particolare luogo, ne in un particolare tempo.  
Nel sole una particella compie migliaia di chilometri in un secondo. Una stella può essere invariabile per miliardi di anni e poi in un minuto cambiare più di quanto sia cambiata in tutta la sua vita.  
Questi miei pensieri in forma di molecola su questo pianeta un giorno potrebbero diventare una foresta verde su di un altro. Nessuno può saperlo.*
